STERLING SILVER
COLLECTION

SIZE GUIDE

To find your ring size, choose a ring which fits the same finger and hand as the ring you intend to buy. Place this ring on the circles above to decide which size you need to choose. The diameter of the circle has to have the exact same diameter as the interior of your own ring.

The red line needs to stay visible when you place your ring on the circles.

If your ring is between two sizes, we advise you to size up. Please note that the style of the ring can affect the ring size. With stacked rings, we advise to select a larger size than your regular size.

Please print this page without scaling. To verify if this page is printed correctly, use a ruler to measure the scale. It should correspond with the above mentioned 2cm.

Wouters & Hendrix cannot be held responsible for any mismeasurement due to this ring sizer. If you have any questions, please contact our customer service at shopshop@wouters-hendrix.com
